INFORMATION FOR GOLF FEE CARD- AND GOLF TOURS MEMBERS

Dear  
Golffriends.

*The real golf fans know that there are apart from sex also other sensual pleasures. But how to impart this knowledge to notorious golf haters? Verily a difficult mission, but it is worth the input. When you finally made it to minimize all the prejudices you will receive endless gratitude.*

*Marlies, my sister in law, and her bosom friend Gabi are two of these converted showpieces. The virus has fully penetrated them - more passion is practically not feasible. And due to that, Gabi stated a philosophical slogan, which may include the finest of what the golf world has spawned on sound bites so far: „Everything that burdens your heart shrinks to the size of a golf ball - and with one stroke everything is light as a feather.“*

*Well, as I said, this wisdom comes from a bloody beginner and maybe in a year she will come to a completely new conclusion, which is then roughly like: „Everything seems light as a feather until it swells with one shot to the size of a golf ball ... or something like that ...*

*You will certainly agree with me that you do not constantly want to dine in the same restaurant. But why do you then always play on your home course? Just live out your desire on foreign terrain. If you have a Golf Fee Card you save anyway. Then you have the choice among 2,400 courses on which you get attractive green fee discounts. Furthermore, when playing an ace on one of the German partner GFC courses, you will not fall into financial disaster due to that piece of luck, because you are insured - well then, cheers!*

*You can find all partners (golf clubs, hotels, restaurants, hardware vendors, etc ...) of the Golf Fee Card with detailed information updated daily on [www.golfcard.de](http://www.golfcard.de) and also the booking of your favourite club or hotel can easily be done online. The Golf Fee Card can also be issued as a favourable 3-year subscription. You not only save Euro 91, - compared to the single annual price, but also you receive a premium gift additionally. Or you decide on our new GFC Master - or Visa Card, which we issue in cooperation with the Gladbacher Bank. Our service team is looking forward to your call under +49 (0)89-56 67 23.*

Sincerely yours

# First-class Golf and Accommodation

Vila Bicuda, Golf Coast Lisbon

*A really good place to relax: the well-maintained apartment complex Vila Bicuda*

Chosen by the IAGTO (International Association of Golf Tour Operators) as the „Established Golf Destination of the Year“ in 2003 and as „Europes Golf Destination of the Year“ in 2007, the „**Lisbon Golf Coast**“ offers all the conditions for the perfect golf vacation in autumn. The courses are outstanding, the price / performance ratio is civilian, the climate is mild, the gastronomy is legendary and the surrounding area is unique. Even Lord Byron called the area around Estoril & Sintra as a „Garden of Eden“. And so it is not very surprising that about 35% of all golf courses of Portugal were created in this area.

The apartment complex **Vila Bicuda** is just as glorious as its surrounding. The Vila Bicuda is based on nearly 95,000 sqm in a privileged location in Sintra Cascais Natural Park on the beaches of Guincho. Modern design is combined with a wonderful sense of vastness.

You can choose from studio apartments and 1-3-room villas. All rooms have fully equipped kitchens, air condition and some even have a fireplace. On the comfortable terraces you can enjoy a quiet breakfast or a picturesque sunset or best both.

The well-maintained garden hosts two large swimming pools, a sun terrace with a cafe, coffee shop, bakery, restaurant, bar, mini-market, laundry, kiosk, conference and rest

rooms and the reception. Concierge and security service are available around the clock.

Nearby situated is the „Health & Racquet Club“ with SPA, riding facilities and the two 18-hole golf courses **Quinta da Marinha** and **Oitavos Golfe**.

A masterpiece by Robert Trent Jones Sr. is **Quinta da Marinha** on the beach of Guincho. The flat fairways are lined by pine trees and the fairway 13/Par 4 runs directly to the sea.

The nature of the **Oitavos Golf Club** is characterized by the strong presence of the Atlantic - visible from every green. The design is borrowed by the real Scottish „links“.

Within 10 to 30 minutes you can reach the following golf courses by car:

Estoril (9 km) is a sensational golf course, its fairways are surrounded by fragrant mimosas, pine and eucalyptus trees.

A magnificent view of the Sintra Mountains offers **Belas Clube de Campo** (29 km), located between the mountains of the Serra da Caragueira. The first nine fairways run through unspoiled nature with hundreds of pine trees.

**Penha Longa** (10 km) is regarded as the undisputed highlight. The first and last holes are located in a valley surrounded by pine trees and granitic cliffs. The fairways from 6 to 13 run over a hill and offer great panoramic views.

The green landscape at the foot of the mountains of Serra de Sintra offers the authentic backdrop for **Quinta da Beloura**. The fairways snake throughout eucalyptus, oak, pine, magnolia, palms and olive trees, occasionally interrupted by graceful water obstacles.

With the Golf Fee Card you get a price advantage of 30% on an apartment in the **Vila Bicuda**. The hotel has green fee agreements with all the courses in the surrounding area.

Regardless of that, Golf Fee Card holders enjoy price advantages from 20% on currently 38 golf courses in Portugal.

# Cape Grace

A young house, managed in ancient tradition.  
Cape Town, South Africa

**B**y connoisseurs Cape Town is regarded as the most beautiful city of the world. The vibrant, cosmopolitan city has two superlatives to offer that cannot be found anywhere else – two oceans that converge, a mild, smooth climate, a dramatic mountain massif, long sandy beaches and fertile wine land in the surroundings. Especially charming is the Waterfront district. And exactly there – on a private dock at the Victoria and Alfred Waterfront, surrounded by water at three sides, an enchanting Leading Small Hotel of the World is located. The Brand family opened the Cape Grace in December 1996 with the vision to create more than only a five star luxury-hotel from the **Cape Grace**.

South African authenticity is prominent. In the rooms, for example an Afrikaans-English dictionary is available, the wine menu is focused on South African wines and at the Spa local care products are used. However, the charm of **Cape Grace** definitely lies in its private atmosphere and the unique personal service, combined with classic-original ambiance.

The 121 guest rooms and suites feature breathtaking views on the sea, the Table Mountain, the yacht marina or the harbor with its dry docks. The 600 million years old Table Mountain which is only 8 km away, seems as near to be touched.

Each room is an individual gem, arranged with fresh flowers, precious antiques and local, hand-painted materials.

Guests can choose among 82 luxury rooms with 45 sqms each, 10 superior rooms, 18 rooftop rooms with fascinating panoramic

view and suites between 90 and 200 sqms.

Not only the body is the key to total relaxation, but also the spirit. The spa area of the Cape Grace reflects this idea with conventional spa therapies and traditional African treatments that have been handed on in medicine for generations.

Of course you can also be taken complementary by the hotel limousine to a nearby gym. As a **Cape Grace** guest, you will get a one-hour individual fitness training with a private coach there.

The chef conjures unique menus in which the historic-Malay character of the city always flows.

The "Bascule Whisky Bar" which is also hip with the locals offers 460 whisky brands and a well equipped wine cellar with space for 8,000 bottles.

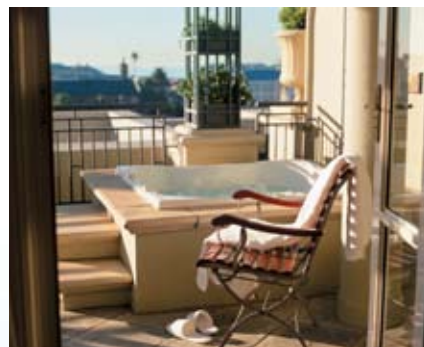

For the free event „History & Wine“ every night at which newcomers get an overview over the possibilities of Cape Town and an introduction into the topic wine, local wine-makers sponsor their wines.

Hotel guests can set sail from the hotel-own marina with the private luxury yacht „Spirit of the Cape“.

A midday excursion with a gourmet picnic, a sunset tour, a drive along the beach of Clifton and a tour with seafood delicacies like shrimps, oysters and fresh lime fish in Hout Bay are also available.

The hotel has greenfee arrangements with the golf clubs of the surrounding area.

As a Golf Fee Card member you receive 10% reduction on the best available rate.

*The charme of Cape Grace lies in the unique ambience and its outstanding service.*

## 5-Star Deluxe

### Steigenberger Al Dau Beach Hotel & Golf Course, Hurghada, Egypt

In 2005 Egypt was chosen as the upcoming golf destination of the year by the "International Association of Golf Tour Operators". The award-winning Mecca of golf is reachable within a four-hour flight and guarantees year-round sunshine.

Conveniently accessible from Hurghada Airport (6 km), you can expect a 5-star deluxe beach hotel with its own small golf course. Welcome to the **Steigenberger Al Dau Beach Hotel** - the place of longing directly on the Red Sea. Let yourself be enchanted by the rich blue of the ocean, the bright green of the lush gardens and the bright red of the dramatic mountain ranges in the background. Enjoy the traditional hospitality of the Egyptians in a unique Swahili-style atmosphere - melting pot from India, Africa and Arabia.

The resort has 388 guest rooms including 16 suites. The rooms are at least 50 sqm with balconies, most with sea view. The facilities include separate change rooms, satellite TV and air conditioning. Again Swahili dominates the atmosphere. Harmony is created by clear lines, the processing of precious woods and a refined colour selection.

For more intimacy, you can book one of the two villas, which are located - separately from the main house - directly on the golf course.

Pure water fun guarantees an impressive pool area with small islands, a river which wiggles slowly through the area and the private sandy beach. Everything the sporting guest wishes to experience on, in or under water, he gets in **Al Dau Dive Club & Aqua Centre, Ilios**.

The **Steigenberger Al Dau Club** offers a mini golf course, two tennis courts, jogging and cycling trails, skate-board track and an amphitheatre. Hurghada's new beach promenade is only 3 minutes away.

Under the slogan „The Art of Fine Dining“ you can indulge yourself in various restaurants, cafes and bars. The „Tamarind“ offers daily changing buffets, an a-la-carte restaurant and the bar „Alexanders“ lay on the beach with magnificent views of the Red Sea and the golf course.

The French beauty experts of Algotherm were the first who specialized on Thalasso treatments. These treatments can be booked in the 1000 sqm big „Algotherm Red Sea Thalasso & Spa“ and then relax in the heated saltwater pool or work out at the gym.

But who wants that if there is a challenging 9-hole par 3 Pitch and Putt-target golf course with strategically placed water obstacles. In the evening you can play in floodlights, an experience for all senses, because the lanes are running along the beach. An aqua-driving range helps the enthusiast to improve his game and for the training there are excellent golf pros. The equipment can be borrowed at the well-assorted pro shop of the club house.

Nearby there are other very recommendable courses worth a visit. With the Golf Fee Card you enjoy attractive discounts at currently 12 courses in Egypt.

At the Steigenberger Al Dau Beach Hotel GFC members get a 20% price advantage.

## Small but fine

Rio Real Golf & Wellness Resort  
Marbella

*Estimated as one of the best at the Costa del Sol: Rio Real Golf Courses*

**45** km from the airport of Malaga and 3 km from the city center, embedded between the Sierra Blanca and the glittering Mediterranean sea, Marbella's single 5-star boutique hotel is situated. The Rio Real Golf & Wellness Resort, a „Small Luxury Hotel of the World“, offers utmost exclusivity and intimacy due to its size, combined with the excellent service of a first class resort.

The renowned Spanish interior designer Pascua Ortega is responsible for the successful design of the 29 guest rooms and suites. With a refined combination of precious antiques and carefully arranged materials, he has created light, modern and spacious guest rooms that are divided into four categories. The names take the golf standard into account: Par superior rooms, Birdie suite, Eagle suite and Albatros suite.

All rooms have private terraces with spectacular views on the golf course and a furnishing

that does not leave any wishes open.

The Eagle suites were designed by Señor Ortega in a posh New York loft style with open spaces and an extravagant whirlpool tub from which you also enjoy a free view on the golf course.

The most exclusive suite is the Albatros suite with its 100 sqm living area and a superb terrace.

Dining in its pure form is celebrated at the restaurant. And while you enjoy creative Mediterranean haute cuisine in perfection, you can pursue the events on the fairways through room-high panorama windows. The well sorted wine cellar offers some of the best Spanish and international wines.

In 1965, the 18 holes/Par 72 course was opened. Designed by Javier Arana, the fairways wind over softly undulated terrain. Recently carried out rebuilding works included the recultivation of the fairways and greens and the

renovation of the paths and of the club house. Now the course is regarded as one of the three best on Costa Del Sol that after all offers 40 splendid golf courses.

If you would like to play not only golf, you have loads of alternatives: Floodlight tennis matches, lazing at the pool with a drink at the charming bar, regenerating at the wellness & beauty center in Asian ambiance, surfing in the internet with the comfortable free wi-fi connection or simply relaxing by listening to the iPod in the room.
